1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the Issue Fee.

Authorization for this Examiner's Amendment was given in an interview with Mr. Stephen Palan on 08/2**2**/2006.

## In the Claims:

**Claim** 8 has been replaced with the following:

8. (Currently Amended) A device for electroacoustic sound generation in a motor vehicle, said device comprising:

a sound pressure sensor positioned proximal to or within one of an intake tract and an exhaust tract of the motor vehicle:

- a signal processing unit;
- a loudspeaker unit having at least one loud speaker wherein said loudspeaker unit is connected to said signal processing unit;

a synthesizer, that outputs synthetic sound components, connected to and receiving an output of said sound pressure sensor and connected with or integral with said signal processing unit, whereby the synthetic sound components are added to said signal generated from said sound pressure sensor;

wherein said signal processing unit includes a means for mixing the sound from said sound pressure sensor and from said synthesizer as a function of operational parameters of said motor vehicle.

3. The following is an Examiner's Statement of Reasons for Allowance:

The amendment to claim 8 above is to correct the antecedent basis with regard to limitation of "the synthetic sound components".

Applicant's argument filed 05/30/2006 and the interview of 08/17/2006 with regard to the claimed invention of mixing of the output from the sound pressure sensor with the output from the synthesizer for electroacoustic sound generation in a motor vehicle is considered and deemed sufficient to overcome the cited references. Updated search was conducted, but no further pertinent prior art was found that discloses or suggests the instant claimed invention.

- 4. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Xu Mei whose telephone number is 571-272-7523. The examiner can normally be reached on Monday-Friday (9:30-6:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vivian Chin can be reached on 571-272-7848. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Application/Control Number: 09/666,300
